

95.5% sodium bisulfate and from about 4.5% to about 8.5% sodium sulfate, by weight.

³
~~21.~~ The food composition defined in Claim ¹~~19~~ wherein the food excludes sulfuric acid and hydrochloric acid.

⁴
~~22.~~ The food composition defined in Claim ¹~~19~~ wherein the sodium bisulfate is added in an amount within a range of from about 0.01% to about 2.0% by weight of the food.

⁵
~~23.~~ The food composition defined in Claim ¹~~19~~ wherein the food is a beverage and the sodium bisulfate is added in an amount effective to enhance the flavor of the beverage.

⁶
~~24.~~ A food composition comprising a food including sodium bisulfate added in an amount effective to act as an acidulant in the food, the added sodium bisulfate having a moisture content of less than 0.8% by weight, and the added sodium bisulfate containing less than 0.003% heavy metals, less than 0.05% water insoluble substances and less than 0.003% selenium by weight, and the food further including moisture in an amount effective to dissolve the sodium bisulfate.

⁷
~~25.~~ The food composition defined in Claim ⁶~~24~~ wherein the sodium bisulfate is added as a product consisting essentially of from about 91.5% to about 95.5% sodium bisulfate and from about 4.5% to about 8.5% sodium sulfate, by weight.

⁸
~~26.~~ The food composition defined in Claim ⁶~~24~~ wherein the sodium bisulfate is added in an amount within a range of from about 0.01% to about 2.0% by weight of the food.

⁹
~~27~~. The food composition defined in Claim ⁶~~24~~ wherein the food is a beverage and the sodium bisulfate is added in an amount effective to enhance the flavor of the beverage.

¹⁰
~~28~~. A food composition comprising a food including sodium bisulfate added in an amount effective to act as an acidulant in the food, the added sodium bisulfate having a moisture content of less than 0.8% by weight, and the added sodium bisulfate containing less than 0.003% heavy metals, less than 0.05% water insoluble substances and less than 0.003% selenium by weight, the food further including moisture in an amount effective to dissolve the sodium bisulfate, and the food excluding sulfuric acid and hydrochloric acid.

9.1
cont.
¹¹
~~29~~. The food composition defined in Claim ¹⁰~~28~~ wherein the sodium bisulfate is added as a product consisting essentially of from about 91.5% to about 95.5% sodium bisulfate and from about 4.5% to about 8.5% sodium sulfate, by weight.

¹²
~~30~~. The food composition defined in Claim ¹⁰~~28~~ wherein the sodium bisulfate is added in an amount within a range of from about 0.01% to about 2.0% by weight of the food.

¹³
~~31~~. The food composition defined in Claim ¹⁰~~28~~ wherein the food is a beverage and the sodium bisulfate is added in an amount effective to enhance the flavor of the beverage.

INVENTORSHIP

In view of the new claims, the invention of Richard Alan Williams is no longer being claimed in the application. Therefore, please delete Richard Alan
